

## SIX BALLOTS FAIL TO END SPEAKERSHIP FIGHT.

### PROVINE IS UNABLE TO MUSTER MORE THAN SIXTY-TWO VOTES

Seventeen "wet" Republicans maintain a solid front—Browne leads on Democratic side—Dunne Democrats switch their voting strength.

#### BULLETIN.

Springfield, Ill., Jan. 12.—Sixteen "dry" Democratic members of the lower house of the legislature are prepared to throw their votes to a "dry" Republican in an effort to elect a dry speaker and break the deadlock which has existed for a week, according to a Democrat who is one of the dry leaders in that body. It was said tonight that the break in party lines may be expected tomorrow or Thursday. At a conference tonight the Democratic members of the house it was decided to call a Democratic house caucus as soon as sixty of the seventy Democratic members of that body shall agree to such action. The conference was called by Lee O'Neil Browne, candidate for speaker, and was attended by 52 members, both wets and dries.

Forty of the fifty two present signed the caucus call, but the "dries" refused to caucus.

All of the 52 present voted for a resolution asking Governor Dunne to sign a certificate of election for Robert Howard, Democrat of Mattoon.

Springfield, Ill., Jan. 12.—Six resultless ballots on speaker were taken in the house today. With no change in the situation at the end of the sixth roll call, which was the ninth since the balloting began, the house adjourned until 10 o'clock tomorrow morning.

Walter M. Provine, selected as the Republican candidate for the speakership in the caucus preceding this morning's session, received the full strength of sixty two votes, including sixty Republicans and two Progressives, represented in the caucus, not including his own vote.

The seventeen "wet" Republicans who have stood out against the party caucus from the beginning maintained a solid front in this voting.

Hawkins O. Murphy of Pinckneyville, received the votes of his associates today, he himself voting on every ballot for Stephen T. Le Page of East St. Louis.

Lee O'Neil Browne led on every ballot on the Democratic side. He received thirty two votes in the first two roll calls of the morning and while some of them strayed away on later ballots, on the last one taken all were back in the "Browne column."

The Hubbard-Huston-Kane band of Democratic "dries" mustered fourteen votes, thirteen of which were cast for Mr. Kane, while he voted consistently throughout the day for Mr. Hubbard.

That faction known as Dunne Democrats switched their voting strength, varying from fourteen to eighteen votes, between Arthur Roe of Vandalla, John P. Devine of Dixon and J. J. O'Rourke of Harvey. Two Democrats voted for John S. Burns of Chicago. Edward L. Merritt of Springfield and Daniel D. Donahue of Bloomington each received one vote in the course of the session.

Francis E. Williamson, Democratic member from Urbana, who was not present last week, was seated. Williamson voted for Kane for speaker, aligning himself with the Hubbard-Huston-Kane coterie.

Following is table of the balloting today on speaker of the house:

Session Breaks Up in Row.

## PASSES BLAME FOR HIGH COST OF FLOUR UP TO THE FARMERS

Head of Chicago Board of Trade Declares Growers, by Holding Their Wheat, are Sending Its Prices Skyward.

Chicago, Jan. 12.—Caleb N. Canby, president of the Chicago Board of Trade, accused by the millers and bakers of contributing to the high cost of flour today passed the blame up to the farmers. He visited the United States district attorney conducting the inquiry into the high cost of living and declared that the farmers by holding their wheat were sending its price skyward.

"Farmers still very bullish," read a telegram he submitted to Albert L. Hopkins, assistant district attorney. "No wheat is being sold at present. The break is not worrying them."

"The entire demand of the world for wheat has been concentrated on the United States since the beginning of the war," said Mr. Canby. "Greece, Italy and the countries of North Africa have been buying wheat from the United States for the first time."

"The Danube country and Russia, the markets that have always supplied them, are closed. Another reason for the heavy demand is that Australia had a poor crop this year and is not exporting much. Until recently Argentina prohibited the exportation of wheat."

"They have just harvested their crop and ought to export ten million bushels of wheat a week in February."

Mr. Canby said that Armour, Rosenbaum and the other large elevator owners have less wheat on hand now than usual.

## PRINCIPAL CUSTOMS PORTS SHOW FAVORABLE TRADE BALANCE

Secretary Redfield Says Showing on Foreign Merchandise Transactions is Most Remarkable.

Washington, Jan. 12.—A favorable trade balance on foreign merchandise transactions at the thirteen principal customs ports in the United States of \$35,092,453 was announced by the department of commerce tonight for the week ended January 9th. This was an increase of \$17,294,720 over the balance in favor of the United States for the week ended January 2nd.

Secretary Redfield said he considered the showing one of the most remarkable ever made by the United States in a similar period. He said the figures before the cabinet at today's meeting.

Exports for the week of January 9th, amounted to \$61,820,247 as compared with \$40,848,564 for the previous week. Imports totaled \$26,727,794 against \$23,050,831.

The exports for the week just ended included 351,633 bales of cotton.

Tails had scarcely disappeared through the hall leading to his office when Senator John Dailey of the Republican side mounted the speaker's stand and called upon those who desired to protest against the presiding officer's action to remain.

Democratic senators were slow to leave the chamber until they realized the possibilities of the situation. Then the word was passed and they disappeared like magic.

Senator Dailey was elected chairman of the indignation meeting and James H. Paddock, deputy secretary of the senate, was made secretary.

Roll call showed twenty three senators remaining, the number including Senator Harris, Progressive. Senator Harding was absent.

Senator Barr called the chair's attention to the fact that there were two or three senators present who had not responded to roll call.

"If they are not going to participate in this meeting let them get out," he declared.

"Oh, I don't know," came from the Democratic side, but before Chairman Dailey could count any of the Democrats as "present" and thereby establish a quorum, all had vanished.

Upon motion of Senator Barr, the chairman was directed to name a committee of five to draft a formal protest against the lieutenant governor's action, the protest to be presented to the senate tomorrow to be put in the senate journal and made a part of the record of that chamber.

The storm was precipitated by an attempt on the part of the Republican senators to make a part of the record the agreement that the Republicans are to name their own members of the senate committee on elections. Some of the Democrats objected to an amendment offered by Senator Hull for this object and when a vote upon the amendment was insisted upon by Gov. O'Hara took matters in his own hands and adjourned the senate.

Republican senators met in caucus before tonight's session was called and selected their eight members of the senate committee on elections which will have charge of the election contests.

The pending selected were: Senators Swanson, Roos, Dailey, Barr, Cliffe, Etelson, Cornwell and Harris. Because of the press of the personal business Senator Harris withdrew and Senator Smith was named in his place.

The nine Democratic members of the committee already selected are: Keller, chairman; Cleary, Pierce, Campbell, Compton and Haas, Keller.

## HOUSE VOTE REJECTS SUFFRAGE AMENDMENT

### MEASURE LACKS THIRTY OF THE TWO-THIRDS MAJORITY NECESSARY

Is Second Defeat for Suffrage Cause in National Legislature Within a Year—Suffragists are not Dismayed—Antis Say Movement is on the Wane.

Washington, Jan. 12.—The house of representatives tonight by a vote of 204 to 174 refused to submit to the states an amendment to the federal constitution to enfranchise women.

The vote, the second in the history of congress on the woman suffrage issue, came at the close of long prepared for oratory during which the many speakers were listened to with frequent evidences of approval or disapproval by packed galleries.

The question was before the house on the Mondell resolution to submit a constitutional amendment providing that the right of suffrage should not be abridged "because of sex."

As a two-thirds affirmative vote was necessary to pass the resolution, it was defeated by a majority of thirty.

Party lines were not strictly drawn in the fight, though Democratic Leader Underwood, voicing the attitude of his party that suffrage is a state issue, strongly opposed the resolution, while Republican Leader Mann was one of the chief speakers of the suffragists.

Enthusiasm mingled with dejection when Speaker Clark announced the result and into the corridors from opposite galleries filed the hundreds of suffragists with their purple and yellow sashes and the red rose bedecked anti-suffragists.

This was the second defeat for the suffrage cause in the national legislature within a year. March 1st, last, an equal suffrage amendment proposed by Senator Chamberlain of Oregon received a vote of 35 to 24 in the senate, securing a bare majority, but failing of the necessary two thirds. However, suffrage leaders tonight were not dismayed.

As they left the galleries led by Dr. Anna Howard Shaw, Mrs. Carrie Chapman Catt and other champions of the cause, they declared that the fight was by no means over and that the suffrage propaganda would be pressed forward and onward until every woman in America should have the right to cast a ballot.

"The result was what we expected," said Mrs. Arthur M. Dodge, president of the National association opposed to woman suffrage. "It means that the suffrage movement fostered by hysterical women is on the wane."

Illinois members voting for the resolution were: Madden, Mann, McKenzie, Sabbath, McAndrews, Buchanan, Gallagher, Copley, Tavenner, Stone, Rainey, Foster, Stringer, Williams, Gorman, Thomson, Fitz Henry, O'Hair, Borchers, Fowler and Hill.

Baltz voted against the resolution. Often during the earnest and at times bitter debate preceding the vote Speaker Clark was forced to interrupt the speakers on the floor, fill the chamber with the deafening rattling of his gavel and warn both members and spectators that order must be preserved.

Several times he threatened to have the galleries cleared unless the disturbance subsided. But the murmurs of approval and disapproval persisted as each speaker voiced his support for it or in opposition to the cause of "votes for women."

The turmoil culminated in a storm of hissing that greeted a speech made by Representative Bowdye of Ohio, opposing the amendment.

He had treated the subject humorously and remarked that the "women of Washington are beautiful but they have no interest in affairs of state."

Opponents of the resolution based their opposition largely upon the argument that for the federal government to prescribe qualification for suffrage would be an unwarranted invasion of the right of the individual states to control their elections and further upon the contention that no adequate "public demand" for this amendment showed it to be necessary.

Advocates of the amendment contended that the widespread demand for woman suffrage, its success in the states where it has been tried and the principle of "allowing the people to rule" justified the submission of the proposal to the states for ratification.

Preceding the general debate there was debate of an hour and a half on a special rule providing for consideration of the resolution, which was adopted by a rising vote of 209 to 31.

## HOPE FOR EARLY SETTLEMENT.

Washington, Jan. 12.—Democratic leaders of the senate were hopeful tonight for an early settlement of differences which have arisen between President Wilson and some of their number over federal appointments. Evidence of this feeling was remarked as a result of a conference during the day between the president and Senators Stone, Thomas and Johnson majority members of a sub-committee of the senate finance committee which has under consideration the nomination of George Hampton as internal revenue collector for the Camden district of New Jersey.

## War News Summarized

Most of the fighting in the western arena has centered on the region of Soissons, where the Germans have delivered a violent bombardment and inaugurated a strong attack which, as far as latest advices indicate, has not yet terminated.

The situation in Russian Poland is virtually at a standstill except in the extreme south where the Russians have been attempting to force a crossing of the Nida river. The fighting in this region apparently has been severe as the Austrians report a violent artillery fire, repulse of the Russian troops and hundreds of casualties.

At the same time Austria reports some success for her own troops at this point. In the Carpathians the inclement weather has checked serious operations.

Berlin reports by wireless that her aviators in the recent attacks in and near Dunkirk completely destroyed the military establishments of the allies.

Turkey denies that the Russians recently inflicted a severe defeat on her forces at Sari Kaniysh.

Turkey claims on the other hand that her troops have captured dominating positions beyond the frontier and explains that the operations near Olti and Ardahan have been impeded by deep snow.

Turkey has ordered the release of the British vice-consul who was recently taken from the Italian consulate at Hodeida, Arabia, by Turkish troops and, in otherwise satisfying Italy's demands, will punish the soldiers and salute the Italian flag.

The Zeppelin headquarters is said to have been established at Ghent, Belgium, and it is reported that from this point of vantage the recent aerial raids over northern France have been made.

Geneva, Switzerland, hears that influential Bohemians have asked the Austrian emperor for more energetic measures to protect Bohemia from invasion by the Russians and that they threaten to throw in their lot with Russia unless their request is granted.

A synopsis of an alleged treaty between Germany and Turkey as received in Paris from Dedeagach, Bulgaria, purports to provide that Germany shall supply Turkey with munitions of war, money and German officers and military specialists. In the event of victory Germany will pay Turkey one fifth of her war indemnity and in case of defeat will introduce a clause in the peace treaty guaranteeing the integrity of Ottoman territory.

A newspaper report from Cairo asserts that Great Britain is planning a protectorate over Syria and the building of a railroad from the Syrian coast to Calcutta.

## UNVEIL TABLET DEDICATED TO SOLDIERS OF THE WAR OF 1812

Great Granddaughter of a Surgeon in the War Unveils Tablet Which Bears the Figure of an Illinois Pioneer.

Springfield, Ill., Jan. 12.—A tablet authorized by the forty eighth general assembly and dedicated to the soldiers of the war of 1812, was unveiled in the state library here this afternoon, under the auspices of the United States daughters of 1812.

The design is the work of Miss Nellie W. Walker of Chicago, great granddaughter of David W. Walker, a chaplain in the United States army of the war of 1812.

Addresses were made by Mrs. Robert Hall Wiles of Chicago, of the commission appointed by the legislature, Governor Dunne who accepted the tablet in behalf of the state, President Edmund J. James of the University of Illinois, who is a grandson of Anthony Wayne Casad a corporal in the war of 1812, and by Mrs. Samuel Williams Eerie of Chicago, president of the United State daughters of 1812.

Miss Victoria Bender of this city, a great granddaughter of Dr. Diodorus Holcombe, a surgeon in the army of the war of 1812, unveiled the tablet which is six by four feet in dimension and bears the figure of an Illinois pioneer wearing a coon skin cap and carrying a flint lock rifle.

Others who spoke were Mrs. George R. Page of Peoria, state regent of the Daughters of the American Revolution, Mrs. E. R. Blake of Chicago, state president of the Daughters of the Loyal Legion, Miss Nellie W. Walker, the sculptress of Chicago and Mrs. C. J. Doyle of Springfield, regent of the local chapter of the D. A. R.

## HEARS POLICEMAN'S PLEA.

Springfield, Ill., Jan. 12.—The state board of pardons today heard the plea of Edward Gard, a Chicago policeman, who was convicted some time ago of contempt of court, in the court of Judge Kickham Scanlan, at Chicago. Gard appealed to the court of Judge Pettit who discharged him.

This judgment was reversed by the supreme court which held that Judge Pettit was without jurisdiction in the case.

## CATCH CONVICT SETTING FIRE TO PENITENTIARY

### JOLIET PRISONER IS FOUND LIGHTING A BLAZE IN BROOM ROOM

Mystery of Series of Incendiary Fires Which Has Threatened the Lives of 1,500 Convicts is Believed to Have Been Solved—Has Been Confined in Insane.

Joliet, Ill., Jan. 12.—The mystery of a series of incendiary fires which has threatened the lives of the 1,500 prisoners in the state penitentiary was believed to have been solved tonight when George Howard, sentenced from Chicago, was caught lighting a blaze in the broom room after three fires in the furniture factory had been extinguished.

Howard, who also has been confined in the insane asylum at Chester, was captured after he had crusaded Deputy Warden Walsh with a meat cleaver.

The first blaze discovered tonight was in the furniture shop where three piles of shavings were blazing. The convict fire brigade had hoses trained on the flames when an alarm rang in from the rafter factory. There two fires were burning. Walsh was returning to the furniture shop when he saw Howard at the entrance to the broom room leaning over a pile of straw with a lighted match in his hand.

## EIGHTY CONFESS TO CONSPIRACY IN TERRE HAUTE ELECTION CASE

With Few Exceptions the "High-ups" Have Decided to Fight the Charge—Employ Representative Stanley as Chief Counsel.

Indianapolis, Ind., Jan. 12.—That a conspiracy to corrupt the election of November 3rd, 1914, had existed was admitted by eighty men, who before Judge A. B. Anderson in United States district court today pleaded guilty to an indictment returned by the federal grand jury the day before Christmas. Eight others of the 114 defendants pleaded not guilty while demurrers were filed for the remaining 26 prisoners, including Mayor Donn M. Roberts, Circuit Judge Redman, City Judge Thomas Smith, Sheriff Dennis Shea and other Terre Haute city and Vigo county officials.

Argument on the demurrers was set for January 20th.

While it was generally known that some of the defendants would plead guilty the large number that answered "guilty" when called before the court caused much surprise in the crowded court room. Those who admitted their guilt did so without being promised immunity. The reason they were not sentenced today is that they are expected to testify for the government in the cases to be tried.

With few exceptions the so-called higher-ups in the alleged conspiracy have decided to fight the charge and have employed Representative A. O. Stanley of Henderson, Ky., as chief counsel.

## OPPOSES SALE OF PREFERRED STOCK OF THE CHICAGO & ALTON

TOLEDO, Jan. 12.—The proposed sale of Chicago & Alton preferred stock is opposed in federal court here by Walter L. Ross, received for the Toledo, St. Louis & Western railroad. Ross today filed an answer opposing the sale which is planned by the Central Trust company of New York trustee of the pledged securities.

Bonds to the amount of \$10,000,000 are held by the New York company. Foreclosure is petitioned by the bond holders who want the original receivers orders modified to include sale of privileged securities.

## CALLS METHODS OF EMPLOYING LEGISLATIVE HELP PURE GRAFT

DES MOINES, Iowa, Jan. 12.—Governor George W. Clarke characterized the present methods of employing legislative help as pure graft in his address before the second session of the thirty-sixth general assembly today. He pleaded for reform in court procedure declaring the idea of punishment for crime belongs to a past age. One of his recommendations was the making of paroles possible before imprisonment. Reduction of the number of non-partisan judiciary law, the four year term for governor and reorganization of the state government were urged in the address.

Simple inaugural services will be held Thursday afternoon and the governor's reception will be held in the evening.

## MAY PROBE FOR BEST METHOD OF STAMPING OUT CATTLE DISEASE

Senator Cliffe and Representative Brewer Prepare Resolutions Calling for Investigation—Halt Further Slaughter Pending Disposition of Injunction.

Springfield, Ill., Jan. 12.—Legislative investigation to determine the best method of stamping out the foot and mouth disease among cattle seemed assured tonight. Armed with telegrams and letters from their constituents protesting against the slaughter of infected cattle, Senator Adam Cliffe of Sycamore and Representative F. A. Brewer of Tampico, have prepared resolutions calling for such an investigation.

Pending disposition of the temporary injunction issued yesterday by the Kane county circuit court, restraining state veterinarian Orion E. Dyson from continuing the policy of extermination. Dr. Dyson tonight announced that no more infected cattle will be slaughtered in Illinois.

Governor Dunne announced this morning that he courted an investigation through the courts of the state's method of handling the disease, saying that the present process of extermination is now considered the only sure cure. Attorney General Lucey will go to Kane county personally to represent the state in the action brought there.

One of the developments of the day was a proclamation issued by Governor Dunne, ordering a close quarantine in Kane, Carroll and Whiteside counties. Another was the appointment of a special committee at today's annual meeting of the state board of agriculture to give assistance to the state livestock commission and Dr. Dyson in arriving at the best method of extermination. This committee also will confer with a legislative investigating committee, should one be appointed.

The committee consists of Dr. John Dill Robertson, James K. Hopkins and J. E. Taggart.

August Miller of the agricultural board from Chicago introduced a resolution inviting Prof. Theobald Smith of the chair of comparative pathology of Harvard medical school to come to Illinois to study the infection and suggest means of saving infected herds. It was said that Representative Shurtliff of Marengo is ready to introduce a bill in the legislature providing for an appropriation to defray the expenses of an investigation by Prof. Smith.

A bill providing for an appropriation of \$100,000 to reimburse cattle owners whose infected herds have been slaughtered, already has been introduced in the upper house of the legislature.

## Expect Court to Rescind Order.

Aurora, Ill., Jan. 12.—Apparently anticipating that the court order forbidding the slaughtering of cattle exposed to foot and mouth disease would be rescinded, state officials kept men at work today digging trenches for the burial of forty cows at the state school for girls. The cattle were condemned by the state veterinarian.

## DETECTIVES TO INVESTIGATE LIFE OF UNITARIAN PREACHER

Will Seek to Determine Whether Rev. J. M. Darnell Has Violated the Marriage Laws.

Chicago, Jan. 12.—Two detectives were assigned by Assistant State's Attorney Case today to begin an investigation into the life of the Rev. James Morrison Darnell, who resigned the pastorate of the First Unitarian church at Kenosha, Wis., yesterday. The inquiry was the result of a visit to the state's attorney by two ministers and several other persons who asked that the prosecutor seek to learn whether Darnell had violated the marriage laws.

To Charles Case, assistant state's attorney, it was represented that Darnell, although denying that he had ever married Ruth Soper, who was represented as his wife in Kenosha, the marriage actually had taken place in Crown Point, Ind.

The detectives will also seek to determine whether Darnell married Miss Soper before his marriage to Doris Vaughn here last September.

A report that Darnell and a young woman of Avon, Ill., were married here in December 1911, and separated several months later without a divorce also is to be investigated.

"If we learn that any previous marriages without a divorce existed when he married Miss Vaughn, the evidence will go to the grand jury," said Case.

## ATTACKS DEVELOP INTO A SERIOUS OFFENSIVE

### FRENCH GAINS NEAR SOISSONS THREATEN GERMAN SUPPLY

Prussians Claim Further Progress in the Argonne—Stop French advance in Alsace—Weather Halts Greater Part of Operations in the East—Severe Fighting Takes Place on River Nida.

London, Jan. 12.—(10:50 p. m.) The French attacks to the north of Soissons, on the Aisne and near Perthes, east of Rheims, are developing into a serious offensive. The gains the French have made at these points if followed, would have a two fold importance. They threaten the railways which the Germans are using to supply their troops in the fighting line and are a serious menace to the German forces who hold positions to the north of Rheims.

The French have found it impossible to take by frontal attacks those positions from which the Germans are bombarding Rheims, but advances on either side would envelop them and force a retreat, thus giving the Cathedral city much desired relief from the German shells.

In the Argonne and on the heights of the Meuse, the Germans are on the offensive and claim to have made further progress. It is reported that the Germans have sent heavy reinforcements to this district to prevent the French from breaking their lines, which are very close to their own border and not far from Metz.

Fresh German troops despatched to Alsace, combined with the winter weather, have stopped the French advance in that region. Along the rest of the front artillery is doing most of the work. Only isolated attacks are being attempted, the state of the weather and the ground making the movements of large bodies of troops out of the question.

Similar conditions prevail in the east and while they have not completely stopped the fighting they have called a halt over the greater part of the field of operations. In restricted areas, along the River Rawka, near Bolimow, however, there has been fierce fighting but according to Petrograd correspondence the Germans have been unable to make any material advance.

Severe fighting also is taking place on the Nida river, where the Austrians are opposing the Russian attempts to penetrate Cracow.

The Germans are keeping the Mazurian lakes open with ice breakers to block the Russian advance in East Prussia.

The Russian troops hold positions around the lakes and have been waiting for them to freeze over before resuming their offensive.

The Turks deny that they have been defeated by the Russians in the Caucasus and as an offset to these denials Petrograd has the report that Nuery Bey, chief of the general staff of the third Ottoman army corps who was sent by the Sultan to investigate the report of the defeat, has been captured by the Cossacks.

The Turks have been offering stubborn resistance to the Russians at Kara Urgan, where a battle has been in progress for five days. The position at this place is more favorable for the Turks, who have not the deep snow of the mountains to contend with and are in closer touch with their base. It is a death struggle for them, for so long as the Russian fleet commands the Black Sea the Turks cannot get reinforcements from Europe, the overland route being a long and difficult one. They have an army corps at Bagdad but this is needed to oppose the advance of the British Indian army from the east.

### When Jacksonville Becomes a Road District.

Under the law it is the duty of the Morgan County board to make Jacksonville a road district of itself or a part of some district as now constituted. The majority of the people who have looked into the question seem to think that it would be better for the city to become a part of district No. 7 than to be organized into a district alone. In event the city becomes a new district, there would be liability of conflict between the city street department and the road commissioners, as the duties would be identical and all be confined within the city limits.

As a part of road district No. 7, one-half of the money raised by the district would be spent within the city limits and one-half outside the limits. The city furnishing the majority of the voters of such a district, could easily control the election and select two of the commissioners. There would then be the possibility of managing the affairs of the district in a fair way for both city and country interests. It would be possible in such an arrangement to not only do additional street improvement work within the city because of the increased revenue resulting from the road tax, but the roads in the immediate territory about Jacksonville could be kept in better condition.

It is an acknowledged fact that some of the Morgan county roads are in a worse condition just a short distance beyond the city limits than is true at a further distance. The "Tie road law" makes provision that a road tax not to exceed 61 cents on the hundred dollars can be levied by a road district, and if the commissioners were chosen representing both the city and country a fair rate could be agreed upon which would not be a burden to taxpayers and which would still result in a sufficient fund for road and street betterment. The more one thinks of the proposition to make Jacksonville into a district by itself and create a board of road commissioners within the city, the more possibilities of friction are apparent. Such action would practically abolish the street department of the city, and it does not seem that this would be at all a desirable state of affairs.

It is worthy of note that should Jacksonville be made a road district, that it would be possible thereafter by a vote of the people to change the number of commissioners from three to one if the people desired to take this action. While there would at first probably be some objection to the fact that under the law the commissioners of the combined road district would spend only half of the money raised from the assessment of Jacksonville property within the city and the other half on the roads outside, it is nevertheless true that the condition of these roads in the territory nearby is very important to the merchants and business men of Jacksonville, simply from a business standpoint. The condition of these roads is fully as important to them as the condition of the city streets, and since in all likelihood the road commission would be controlled by Jacksonville people, the direction as to the expenditure of this money could be handled in such a way that the greatest benefit would result to the city. The levying of the road tax would not lessen at all the amount of money raised by the city proper for the betterment of the streets.

While there may be some objection to the whole matter of taxation for road purposes within the city, it is a fact that Jacksonville for many years past is one of a very few cities which have escaped in this regard. In all cities in counties under township organization road tax has been levied for many years, and it is true that it is only due to a technical error in drawing the law that cities in counties not under township organization are exempt. A road district made up of Jacksonville and the property now in district No. 7 would include the property of Jacksonville, district No. 7 and South Jacksonville, and the valuations in 1913 were as follows:

Road district No. 7 ..... \$73,359  
Jacksonville ..... 4,504,794  
South Jacksonville ..... 239,734  
Total ..... \$5,717,887  
Based on these figures, if even 20c on the hundred dollars of valuation were assessed for the purpose, the total tax would be about \$11,434 of which approximately \$5,370 would revert to Jacksonville and South Jacksonville, and \$6,064 to road district No. 7. Such a tax would raise a fund for the road district as now organized slightly in excess of the money which has been available for this year. But regardless of individual opinions as to the advantage of having a city in any road district, the fact remains that organization as such will be simply carrying out the provisions of the newly enacted road law.

## INTEREST INCREASES IN NORTHMINSTER REVIVAL

Tuesday Services of a Deeply Impressive Character—Rev. W. E. Spoons Delivered Powerful Sermon.

Another large audience gathered at Northminster church last evening and the services were of the usual deeply impressive character and when the call came for those who want to begin a new life a good number responded.

The song service of twenty minutes preceded the regular discourse and a notable part of it was a solo by Prof. Beckman. "Come just as you are." In his preliminary remarks Mr. Spoons said that the greatest need of choirs in general was more religion and prayer. To sing well in the services of the Lord one should have the true spirit in his heart and keep it warm with prayer.

He said too, that he would rather have a church of twenty members full of true piety than one of two hundred who simply wanted a good social time. The recitations called for resulted in a large number of responses with verses of scripture, some 150 being given.

The theme of the evening discourse was the Bread of Life from the words of John 6:35: "And Jesus said unto them, I am the bread of life. He that cometh unto me shall never hunger and he that believeth on me shall never thirst."

The occasion for the memorable words was significant. The day before the Master had miraculously fed the multitude and many had followed Him to Capernaum and He had talked with them plainly telling them they had sought Him because they had eaten of the loaves miraculously supplied and then He told them of the spiritual bread which cometh down from heaven and they said unto Him "Lord, evermore give us this bread," and the response was the words of our text.

Many things are necessary to a full understanding of these words and the way of life. We must see with a willing heart, a mind really desiring to receive the truth. We must not listen ready to carp and criticize but in order to learn that which will make us wise unto salvation.

We should always seek to go from a lower to a higher level. Onward and upward in spiritual as well as in temporal matters should be our motto. We cannot stand still but must go forward else we shall go backward in our spiritual lives.

The natural life is not enough. We may have all this world can give; its riches, its honors, its good things, its pleasures, its society and all the world can afford but with that only there will surely be an aching void which can only be filled by the Bread of Life.

The human soul is a living being distinct from the body. If we would have good health we must train the body properly; it must be fed with nourishing food and cared for in an intelligent manner and if we do that and are favored by nature with normal conditions we shall be vigorous, sound and healthy.

So with the soul. Feed it with the Bread of Life and it too will be vigorous and strong, well able to cope with temptation and sin. But starve it as is often the case and how sad the result. Many a man is grand in the sight of his fellow men, some have wealth; some have intellect; some have the gift of oratory and so on but without the one thing needful the soul is far too apt to be a barren waste.

Every distinct, living creature must live in something outside of itself. The body must have food from without. It must have that which will keep it alive and vigorous if it is to perform its best work. As the body will die without food so will the soul be barren and worthless without the Bread of Life. Nothing else will take the place of this bread; nothing else whatever will satisfy the natural longing of the better nature.

If we devote ourselves solely to the pursuit of worldly pleasure or wealth we shall surely starve the soul and how pitiable the spectacle when that is the case.

We cannot nourish the soul with worldly food. A man may have any amount of gold; the rich man under whose table Lazarus fed, had the good things of this world but how sadly he failed when he came to face eternity.

The great and immortal Lincoln was sustained during the awful stress upon him during the civil war by his faith and trust in God and by the Bread of Life.

God in Christ Jesus is the only appropriate food for the soul. Nothing else whatever can take the place of the Bread of Life in our souls. As the body is fed by coming to the table prepared for the meal so is the soul fed by coming to Christ. How blessed to remember that He freely invites all, none are omitted but "Whosoever will may take of the water of life freely."

Jesus is the home of the soul and there can be no other. The soul separated from Christ cannot be happy. The young lady at college, separated from home and its loved ones is at first unhappy for no matter what may be her surroundings there is no place like home. Home is one of the dearest words in our language and as the hearth and home are fit places for our greatest earthly happiness so is the Savior the blessed home of the soul and with Him in the heart; with Him as our companion; with Him for our home all will be happy.

The discourse was especially strong and uplifting and made a profound impression on all present. This evening the theme will be the housekeeper. Mr. Lorton is to be present and sing a song written in 1700 and Prof. Beckman is to sing a song written but not yet published.

## NEW BERLIN DEMOCRAT UNSEATED BY JUDGE JONES

Case of Member of Town Board of New Berlin Attracts Attention in Sangamon County Court.

Judge Jones in the Sangamon county court Tuesday heard the arguments and evidence in the quo warranto proceedings of the people on the relation of E. C. Hatfield vs. William H. Watts to determine why the latter holds the office of trustee of the village of New Berlin. The judge ordered Watts unseated, but did not order Hatfield seated.

At the election held last spring for a president and trustee Hatfield was a candidate on the Citizen's ticket and Watts on the Democratic ticket. The vote was close and Watts was seated by the out-going board.

The point involved in the proceedings was whether the old board had a right to canvass the vote and declare the result or whether by so doing it usurped the powers of the new board which it was claimed was the proper judge of the qualifications of its own members.

## PEOPLE IN CONSTANTINOPLE ARE REDUCED ALMOST TO STARVATION

Returned Chicagoan States All Available Supplies Have Been Confiscated by Military Authorities.

New York, Jan. 12.—The closing of the Dardanelles and the shutting off of Turkey from outside commerce has resulted in the people of Constantinople being reduced almost to the verge of starvation, according to George Tomayan, of Chicago for the past eight months in charge of an Armenian orphan asylum at Constantinople who arrived here today on the Greek steamship Athina from Piraeus.

"When I left Constantinople less than a month ago," he said, "that city was reduced to sore straits for food, all available supplies having been confiscated by military authorities. Suffering among the people was intense and the struggle for food by the poor pitiful in the extreme. The American ambassador, Mr. Morgenthau supported by the Italian ambassador has been prompt in providing shelter and relief for the unfortunates," continued Mr. Tomayan.

"For many weeks previous to the declaration of hostilities by the Turkish government the crisis was seen to be approaching. Germans were in control of the civil and military government and while educational institutions of these countries were amply protected, those of France and England were in a measure compelled to look to the United States for their safety.

## NEW OFFENSIVE

Amsterdam, via London, Jan. 13.—(1:30 a. m.)—Major Morait, military correspondent of the Berliner Tageblatt says:

"A new offensive against Serbia is announced. We most desire it on political grounds but it should not be undertaken at the expense of the force in Galicia. If progress cannot be made in the Balkans without diminishing the main army, it would be prudent first of all to await successes in Poland."

## ACKNOWLEDGES RECEIPT OF HOSPITAL SUPPLIES.

Washington, Jan. 12.—Ambassador Jusserand of France today acknowledged with thanks the consignment of hospital and relief supplies recently sent to the war sufferers in France by the American Red Cross. The supplies were regarded by his people, the ambassador said, as a new testimony of sympathy from America by which his government was greatly touched.

Washington, Jan. 12.—A resolution to amend the senate rules to permit a vote on prohibition for the District of Columbia, was reported favorably to the senate today, Senator Sheppard of Texas, author of the resolution, gave notice he would ask for action on it tomorrow and predicted its passage.

## CONDITIONS BECOMING WORSE.

Venice, via London, Jan. 12.—(Midnight)—Private reports from Vienna and statements appearing in the Austrian papers show that conditions in the Austrian capital are daily becoming more serious. Smallpox, cholera and typhoid fever are prevalent, forty-five cases of smallpox being officially reported in Vienna during the first nine days of January. Many cases of contagion are also reported from various centers of lower and upper Austria, Styria, Bohemia, Moravia, Silesia and Galicia.

## TAKE UP WAR DEPARTMENT BILLS

## STATES DEFUNCT LORIMER BANK WILL BE LUCKY TO PAY 42 PER CENT

Chicago, Jan. 12.—The defunct LaSalle street Trust & Savings Bank of which William Lorimer was president, will be lucky to pay 42 percent of its outstanding liabilities according to testimony given today by William C. Niblack, receiver for the bank in an action for its dissolution brought by State Auditor Brady. Mr. Niblack stated that no more than \$1,500,000 would be realized from the nominal assets of the bank to meet obligations of \$3,500,000.

Testimony by the receiver and by Daniel V. Harkin, state bank examiner, indicated that much of the bank's assets had been loaned to private enterprises of Lorimer and C. B. Munday, its vice-president in many cases on collateral at a figure far beyond its face value.

Counsel for Munday and for some of the stockholders moved the dismissal of the suit to dissolve, attacking the constitutionality of the statute under which it was brought. Attorneys were given until Saturday to present citations.

As he left he encountered Robert Moore, a deputy sheriff, who attempted their capture. He was shot and instantly killed. Two members of a posse following on their trail were slightly wounded by the fire of the bandits.

## MONTREAL IS ADDED TO GRAND CIRCUIT RACING SCHEDULE

Canadian City Fills Gap Caused by the Withdrawal of Fort Erie and Pittsburgh—Season Opens at Cleveland.

Detroit, Mich., Jan. 12.—Pittsburgh and Fort Erie will not be active members of the Grand Circuit this year. The stewards of the harness racing organization in session here today prepared the 1915 racing schedule and added Montreal to the circuit. The Canadian city was given two race meetings of three days each to fill the gap caused by the withdrawal of Fort Erie and Pittsburgh.

Pittsburgh, it was said, decided to remain out of the circuit until the driving club obtained a new track. No reason was given for Fort Erie's withdrawal but it is understood that the horsemen generally favored giving Montreal two successive meetings.

The season will open at Cleveland the week of July 19th and will close at Lexington, Ky., the week of October 11th. The change which brought Montreal into the circuit was expected and the allotment of dates was about as predicted. The opening dates of the race meetings follow:

July 19th, Cleveland; July 26th, Detroit; Aug. 2nd, Kalamazoo; Aug. 9th, Grand Rapids, Mich.; Aug. 16th, three days, Montreal; Aug. 23rd, three days, Montreal; Aug. 30th, Yonkers, New York; Sept. 6th, Hartford, Conn.; Sept. 13th, Syracuse; Sept. 20th, Columbus; Sept. 27th, Columbus; Oct. 4th, Lexington; Oct. 11th, Lexington.

## GIVE LUNCHEON IN HONOR OF JAPANESE RED CROSS UNIT

NEW YORK, Jan. 12.—Miss Mabel T. Boardman, head of the executive committee of the American Red Cross, presided at a luncheon today given by the Japan society of New York in honor of the unit of Japanese red cross nurses and surgeons which sails on the Steamer Megantic tomorrow for the war zone.

"They say that east is east and west is west but never twin shall meet," said Miss Boardman, "but they meet today under the flags of the Japanese and American red cross societies. Japan may be proud of having the largest red cross society in the world, its membership today amounting to 1,891,000, one hundred times greater than ours and with a permanent endowment ten times as great."

Takashi Nakamura, Japanese consul general in New York, John Bassett Moore and Miss E. R. Schidmore, of Washington also spoke.

**GUNWOMAN ON TRIAL.**  
Chicago, Ill., Jan. 12.—Mrs. Elizabeth Porter, who shot Mrs. Kathryn M. Spring, a beauty specialist, because she believed the latter had stolen her husband and slandered her baby, will be given a hearing in the Desplains street court today. She is charged with assault with a deadly weapon with intent to kill. Mrs. Spring has recovered from her wounds and is expected to testify against her supposed rival.

**IOWA FARMERS BENEFITED.**  
Epworth, Iowa, Jan. 12.—Farmers from all over Dubuque county are gathered here for the lectures on agriculture subjects provided by the state. All the week there are talks and exhibits by experts. The state of Iowa provides a week of instruction for farmers at one city in each of the 99 counties, and furnishes traveling exhibits as well as traveling crews of experts from the state college.

**CONTEMPT OF COURT CHARGED.**  
Oakland, Calif., Jan. 12.—Attorney George McDonough must appear in court today to show cause why he should not be punished for contempt of court in refusing to divulge the source of the \$10,000 bond which he obtained for three Alameda election officials, who were his clients. Attorney McDonough's hearing was set for December 22, but the illness of Superior Judge Frank B. Ogden caused a postponement.

**CHANGE RULES OF GRAND CIRCUIT.**  
Detroit, Mich., Jan. 12.—The stewards of the grand circuit held their annual meeting here today. Drastic changes in the rules which govern racing were presented by the rules committee.

BE GRATEFUL

The New Year finds poor Europe torn, and splashed with fifty kinds of gore; a million sad-eyed women mourn the loved one who return no more. A million orphans, starved and sad, their hearts too early known to pain, look down the road and call for dad, and look and call and weep in vain. A million homes are gaunt and bare, where the sounds of glee were heard, where children lisped the evening prayer, and parents read the sacred Word. And in this country, blessed of God, there is no roar of foemen's guns; no grisly terror stalks abroad to slay our brothers and our sons. No bullets on our shores aspire to dye our streams, now running clear; we gather by the evening fire, secure from harm and free from fear. Does gratitude your bosom fill, that you are from such anguish free, or do you whine of every ill, however trifling it may be? Oh, we who go peaceful ways, unmenaced by war's steel-cled ranks, should fill the air with songs of praise, and bombard Heaven with our thanks.

## O'LAUGHLIN BRINGS LETTERS FROM EUROPE'S WAR ORPHANS

Express Gratitude to American Children for Christmas Remembrances Conveyed by Santa Claus Ship Jason.

New York, Jan. 12.—Bringing hundreds of letters from orphan children of Belgium, Germany and France addressed to children of the United States, expressing their gratitude for the Christmas remembrances conveyed by the American Santa Claus ship Jason, John Callan O'Loughlin, who had charge of the distribution of the gifts, arrived here today on the steamship Orduna.

"The loading and despatching of the Jason by American children will prove to be one of the greatest things that the United States has done during this war," said Mr. O'Loughlin.

"Of every place visited we were received with enthusiasm and I found that in hundreds of homes the Jason's gifts were all that little war-made orphans received."

"The children were exceedingly grateful and asked nothing better than to be able some day to visit the land where the unfortunate and helpless were remembered as they had been."

**COLORADO HAS NEW GOVERNOR.**  
Denver, Colo., Jan. 12.—Governor George A. Carlson, Republican, who was inaugurated today, has defied the leaders of his party and cut loose on his own program for the betterment of conditions in his afflicted state. As the first aid to the injured he is seeking to heal the wounds of the recent labor troubles of the state, by putting forth a platform in which the claims of labor are recognized. He declares he will stand for no interference with his policies or appointments from the party leaders.

Here are some of the planks of his platform: A bill creating an industrial relations commission, absorbing all existing labor boards and bureaus in the state government. Workmen's compensation legislation. Safety and sanitation to protect workers in all lines of business. Reorganization of state educational and institutional regulations and economy generally in state government. Adoption of a plan for the settlement of state farmlands and perfection of a farm loans system. Abolition of classified appropriations and substitution of state budgets. Enforcement of the constitutional amendment providing statewide prohibition in 1916.

**A POLITICAL REMOVAL PROPOSED.**  
J. H. Hackett, a native of New Hampshire and for so long a resident of this city, is greatly interested in the fate of a friend in the Granite state. Half a century ago he used to pet on his lap a little boy named Charles Baneroff, and either at that account or some other the boy grew to be a man and a physician and for 36 years has been the capable and satisfactory superintendent of the state insane hospital, a place in which politics has had nothing to do until the Democratic governor, now about to retire is taking measures to oust the worthy doctor.

There is great opposition on account of the incumbent's peculiar fitness and the fact that he is just in his prime with many years of usefulness ahead of him. So flagrant is the attempted act that even the newspapers of Boston are protesting and an injunction has been served on the officials to prevent Dr. Baneroff's removal. Dr. Charles Dutton, at one time assistant physician at the insane hospital in this city and now living in Wakefield, Mass., is also much interested and keeps Mr. Hackett posted regarding the progress of the affair.

**A NEW MARKET.**  
Attention is called to the adv of the Sargent market on the 7th page of this paper. The firm certainly offers some good values in household necessities and they can be relied on to give honest weights and measures and to sell only first class goods.

**ELKS COMMITTEE TO MEET.**  
F. L. Sharpe expects to go to East St. Louis tomorrow morning where as chairman of the executive committee of the Illinois Elks' Association, he has summoned the other officers to meet him to make arrangements for the annual convention to be held in that city in May.

## LETS CONTRACT FOR BUILDING OF EIGHT SUBMARINE BOATS

One Will be a Sea-Going Under Water Craft with 1,000 Tons Displacement and will Cost \$1,350,000—Three to be Built on Pacific Coast.

Washington, Jan. 12.—Contracts were awarded by the navy department today to the Electric Boat company for one sea-going submarine to be built at Quincy, Mass., at \$1,350,000 and for three coast defense submarines to be built at Seattle, Wn., at \$450,000 each and to the Lake Torpedo Boat company for four coast defense submarines, to be built at Bridgeport, Conn., at \$425,000 each.

The award to the Electric Boat company of the contract for three vessels to be constructed by the Seattle Construction and Dock company was in conformity with the law requiring at least three of the submarines to be built on the Pacific coast, provided the extra cost would not exceed that of the transportation of the vessels from the Atlantic to the Pacific. Transportation in this case would have cost \$41,000 for each boat, where as the cost of construction will be \$20,000 additional each.

The big sea-going submarine of 1,000 tons displacement will be twice as large as any submarine in a foreign navy, though some are now building in Europe of more than 500 tons. Certain features of American design will make this craft unique. She will have a radius of action of about 3,000 miles, a surface speed of 20 knots and submerged speed of 11 knots. By using her storage batteries alone she will travel completely under water for more than a whole day. On her deck will be carried rapid fire guns designed to be completely enclosed when the vessel dives beneath the surface.

A valuable feature will be directable torpedo tubes, making it unnecessary to maneuver the ship to aim at an enemy and adding enormously to the craft's offensive power.

The coast defense submarines are only one third the size of the big sea-going type, although they themselves are quite seaworthy for short voyages.

## RELIEF COMMISSION COMPLETES ITS SHIPPING ORGANIZATION

NEW YORK, Jan. 12.—The commission for relief in Belgium announced in telegrams to the governors of all states and various state relief committees that it had completed its shipping organization, which has for its object the speedy collection of foodstuffs and supplies in the United States and their distribution in Belgium. Arrangements have been made for the use of the 65,000 postoffices, 35,000 offices operated by six express companies and thirty one steamships. The arrangements made with the railroads for the handling of large shipments is not disturbed by the new organization, the cardinal detail of which permits individuals to ship packages via parcel post or express at the expense of the commission to specified assembling depots, whence carload lots will be dispatched to the seaboard for export.

**DIRECTORS ESCAPE STIGMA.**  
Boston, Mass., Jan. 12.—Although the directors of the National City Bank of Cambridge, which was looted by a \$12-a-week bank clerk, George L. Coleman, have been cleared of responsibility by a report of the master, former Judge Robert C. Harris, who heard the evidence for the federal district court, the receiver of the bank, ex-Governor John L. Bates, threatens to bring the case before the federal court on exceptions.

Bates sought to hold the directors responsible for the actions of Coleman, who embezzled some \$300,000 of the bank's funds. Coleman is now doing time in jail, and his trial was followed by the sensational trial of "Big Bill" Kehler, the fake faro king, who was convicted in connection with the bank-looting and sent to prison for 18 years.

**NEW BISHOP FOR CUBA.**  
New York, Jan. 12.—Rev. Hiram Hulst, archdeacon of the Episcopal Diocese of New York, was today consecrated a bishop of the church, and will succeed Bishop Albion W. Knight in the missionary district of Cuba.

The ceremony of consecration took place in the new cathedral of St. John the Divine, Bishop David H. Greer presiding. Assisting Bishop Greer were Bishops Lines and Knight. The presenters were the Right Rev. Dr. Charles S. Burch, suffragan bishop of New York and the Right Rev. Dr. Thomas J. Garland of Pittsburgh.

**THREE-LEAGUE REORGANIZES.**  
Davenport, Iowa, Jan. 12.—A new constitution was presented to the meeting of the Three-League here today. Propositions for membership were received from Rock Island, Rockford, Terre Haute, Evansville, East St. Louis and Gary, to replace Springfield and Dubuque which clubs forfeited their franchises last fall. It is believed that an eight-team league will result, and that the new constitution will bring a big improvement in the conduct of the league.

**LABOR MEN HEAR SUFFRAGIST.**  
Sanford, Fla., Jan. 12.—Mrs. Florence Murphy Cooley, president of the Florida Equal Franchise league, will tomorrow address the convention of the State Federation of Labor, on invitation of the convention. The labor men have already adopted a suffrage platform.

**PARENTS-TEACHERS' ASSOCIATION.**  
The parents-teachers' association of the second ward will meet at 3:30 p. m. today in the Lafayette building.

## VACHEL LINDSAY IS POET OF THE MIDDLE WEST, ASSERTS THE DIAL

Springfield Man Appearing This Evening at Public Library Has Been Student, Vagabond and Literary Lion in Career of 35 Years.

"How far does Vachel Lindsay express the Middle West?" asks the Dial of Chicago in a consideration of the merits of the Springfield man who this evening will read his own poems in the Jacksonville public library audience room. Mr. Lindsay does not agree with those who think the Middle West "very much a place and very little a philosophy or an emotion," but feels that "the people of the Mississippi can be 'expressed' that their spirit is the spirit of New England once removed, that their culture is the culture of Harvard." In the summer of 1912 Mr. Lindsay took what most would dub a novel way to get close to the people and on good terms with the great outdoors. He walked from Illinois to Arizona distributing rhymes along the way and preaching at all times the gospel of beauty. Poetry, he has found in many things conventionally unpoetic. His automobile in "The Santa Fe Trail" adds to the theme its touch of romance as fully as does the Anglo-Saxon Grendel in the deep sea reaches or the impossible giant in Otranto's castle.

Continues the Dial: "He has been familiar enough with the moving picture theater to write verses celebrating the charms of Miss Blanch Sweet or Miss Mary Pickford; he has been enough affected by contemporary sociology to write poems on the white slave and one at least on the proletariat. But these interests have come easily enough, without seriously modifying the man within. His vocabulary, is images, his rhythm, his moral bias—all these go directly back to the campfire which was so familiar an expression of Middle Western emotion a generation ago. It is perfectly certain that the margin by which he became a poet and not a revivalist was of the narrowest. Could anything be more representative of the Middle West than that?"

"A poet that is largely elocution and an elocution that is partly music," says the New York Nation of Mr. Lindsay's poetry. "In reading some of Mr. Lindsay's poems aloud with a dutiful eye to the imperative plangins, I have realized a species of pleasure, a prancing noisy, boyish hilarity. Somewhat distinct from these elocutionary ventures is a body of eccentric, fantastic poems, Christmas-tree poems, homely or brusque poems, moon-smile poems and the like. I conceive that a man's right to be peculiar hinges on the refusal of his constitution to be anything else; oddity, to be respectable, must be necessary. These poems have a broad and obvious attractiveness; the admission of high merit must be deferred until Mr. Lindsay has educated his public."

**OPPOSE BUILDING TWO BRIDGES.**  
Kansas City, Mo., Jan. 12.—Hearing will begin here today on the application of the Kansas City Southern and the Kansas City Terminal railway for an injunction to prevent the Kaw Valley Drainage board from forcing the two railroads to rebuild two bridges across the Kaw River. Litigation over these bridges has been in the courts for three years, and reaches the supreme court today.

T. O. Madsen of Springfield was transacting business in Jacksonville yesterday.

## Combing Won't Rid Hair Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

## WOMAN REFUSES OPERATION

Tells How She Was Saved by Taking Lydia E. Pinkham's Vegetable Compound.

Louisville, Ky.—"I think if more suffering women would take Lydia E. Pinkham's Vegetable Compound they would enjoy better health. I suffered from a female trouble, and the doctors decided I had a tumorous growth and would have to be operated upon, but I refused as I do not believe in operations. I had fainting spells, bloated, and could hardly stand the pain in my left side. My husband insisted that I try Lydia E. Pinkham's Vegetable Compound, and I am so thankful I did, for I am now a well woman. I sleep better, do all my housework and take long walks. I never fail to praise Lydia E. Pinkham's Vegetable Compound for my good health."—Mrs. J. M. RESCH, 1900 West Broadway, Louisville, Ky.

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

Write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## BAD COLD? HEADACHY AND NOSE STUFFED?

"Pape's Cold Compound" Ends Colds and Grippe in Few Hours.

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all gripe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils and the air passages of the head; stops nasty discharge or nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffing. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice and causes no inconvenience. Accept no substitute.

## HEADACHY, COSTIVE, BILIOUS—"CASCARETS"

Tonight! Clean Your Bowels and End Headaches, Colds, Sour Stomach.

Get a 10-cent box. Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver; delayed, fermenting food in the bowels or sour, sassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.—Advertisement.

## GIRLS! GIRLS! TRY IT. BEAUTIFY YOUR HAIR.

This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any druggist or toilet counter and just try it.

## CATTLE FEEDERS

Woods Improved Grain Softener

Pat. Applied for 100 bu. size.

The Woods Improved Grain Softener will add 100 per cent to the value of No. 2 corn for feeding cattle. It will add 50 per cent to the value for hogs and horses, and supply the very feed to mix with silage or milk cows. If any one wishes the statements proven, I will furnish them a plant on six months trial and if it proves my claims I will refund all money paid to me for said plant. All plants are sold at \$8.00 per bushel measure, and guaranteed to all I claim if used according to directions.

We find by putting soda in the corn when cooking it helps make the corn more digestible enough to pay for the soda, and keeps the hogs in a healthy condition. We also make all the charcoal we need by closing the draft so it can not get air, when we have a bed of coals.

Yours for producing more beef and pork.

### EUROPEAN WAR NOTES

Paris, Jan. 12.—(10:35 p. m.)—The official communication issued by the war office tonight was as follows:

"To the northeast of Solissons the enemy throughout all of last night violently bombarded our positions on the Plateau of Perrieres and on 'Spur 132' with the object of taking the latter point he delivered today a strong attack, the result of which is not yet known.

"There is no other event of importance to report."

London, Jan. 12.—(7:35 p. m.)—A wireless despatch from Berlin says that the military establishments in and near Dunkirk were completely destroyed by the German airship flotilla which attacked that city on Sunday. The Dunkirk lighting plant also was destroyed. The despatch says this information is contained in a message from Rotterdam.

Dunkirk, on the coast of France, is the British continental military base. Troops and supplies arriving from England are landed at this port, where extensive military supply stations have been established.

San Juan, Porto Rico, Jan. 12.—The former British Collier Farn, which now flies the German flag, arrived here today in command of a lieutenant of the German Cruiser Karlsruhe. Her crew consisted of fourteen Germans and 22 Chinamen. The Farn was in distress and put into San Juan for provisions. The customs and immigration authorities have called Washington for instructions.

The Farn sailed from Barry, Wales, last September with a cargo

of coal for Montevideo. She was captured in the Atlantic by the Karlsruhe in October and her crew transferred to the steamer Crefeld which took them to the Canary Islands.

Rome, Jan. 12.—(8:20 p. m.)—The German denial that Cardinal Mercier was arrested in Brussels is true only in a technical sense, says the Tribune in a special edition.

"The cardinal was not physically arrested and brought away from his residence but he nevertheless was placed in a state of arrest within his palace and was watched by the military."

"The German government realizing that violence against a prince of the church would have painful consequences throughout the world and also among the Catholic population of Germany and fearing the effect of measures which might be taken by the vatican, decided hurriedly to restore conditions to their former status. Nevertheless an act of violence has been committed against the primate of Belgium."

"The holy see has asked that reparation be made by the German government. The explanation of Germany is awaited eagerly."

### CHANGE CONTEMPLATED IN ALTON TRAIN SERVICE

New Time Card May Be Issued Changing Time on Nearly All of Trains and Cutting Off One Train From the North.

The next time card on the Chicago and Alton railroad will make, it is said, a radical shift in runs among the crews between Bloomington and Roodhouse. It has been decided to place one crew on Nos. 47 and 46, one crew on Nos. 70 and 71, and two crews on 15 and 16. In the new card No. 45 goes down to Roodhouse in the evening via Springfield and No. 46 returns the next afternoon via this city, running on the same time as the present No. 32.

This arrangement throws most of the layover in Roodhouse and Bloomington crews will not seek this run. It has been decided to give the crews that bid in 45 and 46 two round trips off each month with full pay, while the crew that handles 70 and 71 will be given three round trips off each month with pay.

It is possible that both Conductors Grady and Wilmouth will prefer the 70 and 71 run on the north end, relieving Golden and Draper. Should both conclude to take the north end runs it is deemed certain that Draper will take the first extra work out of Chicago, while Golden will likely take the 45 and 46 run.

The shift by which one of the regular crews is forced back to extra work means that Ed. Taylor, now on extra passenger, must go to fast freight. It is expected that the vacancies will be advertised in a few days and the senior applicants assigned ten days later.

The change that will affect people of this city more than any other of Alton changes is the one cutting off the afternoon train from Chicago and Bloomington. Under the new arrangement, if such a one as contemplated is put in force, there will be no train from the north after the one now due at about 10:00 a. m. until the evening train which will probably arrive in this city a little after eight o'clock.

Nothing definite has been received at the local office in regard to the time of the trains on the new schedule but it is said that the new arrangement will be put into effect about Sunday, Jan. 17th.

### CHARGES LARGE PER CENT OF DEATHS ARE DUE TO ACCIDENT

CHICAGO, Jan. 12.—"Approximately forty seven per cent of all deaths of members of the insurance department of the Brotherhoods of Engineers and Firemen employed on railroads are due from accident."

This statement was made on the witness stand here today at the western railroad wage arbitration by A. H. Hawley, secretary of the insurance organization. He added: "It is believed that in no other occupation will the record show the hazard of employment to so great an extent."

Hawley stated that in 1913, a typical year, that of a total of 589 deaths among engineers and firemen 243 were due to railroad accidents. Of 1,224 disabilities, 691 resulted from blindness and amputation, the witness stated. He gave the membership in the benevolent organization as about ninety thousand.

Herrmann is Expected in Chicago Today When Another Commission Will be Held.

Chicago, Jan. 12.—"Representatives of organized baseball met here today and planned the defense of the suit brought by the Federal league under the Sherman anti-trust law, which comes up before United States District Judge Landis, January 20th.

The lawyers present were: Galvin and Kinkad of Cincinnati, representing the National commission; George W. Harton Pepper, representing the National league and S. M. Clement, Jr., for the Philadelphia National league club; George W. Miller, Chicago and George H. Williams of St. Louis, representing the American league.

Pepper left tonight for Philadelphia but will return to Chicago before the suit comes to trial.

### FILE SUIT TO FORECLOSE FIRST MORTGAGE BONDS OF RAILROAD

CHICAGO, Jan. 12.—A suit to foreclose the first mortgage bonds of the Chicago and Indiana Coal railroad company absorbed by the Chicago and Eastern Illinois was filed in the federal court today by the Metropolitan Trust company of New York, alleging that payment of interest twice has been defaulted. Brode H. Davis, counsel for the trust company said he believed the road would have to be sold to satisfy the creditors.

Unless the railroad is re-organized and re-financed the only outlet is the sale of the property, he said. A similar suit was filed by the Bankers' Trust company last July.

## CHAMBER OF COMMERCE DIRECTOR'S MRS. ANNA E. TURNER

### HELD MONTHLY SESSION

### PASSES AWAY IN INDIANA

Permanent Secretary to be Secured at Early Date—Plans Made for the Annual Meeting.

The monthly meeting of the directors of the Chamber of Commerce was held Tuesday evening with Pres. J. J. Reeve presiding and a majority of the membership of the board present. Preliminary arrangements were made for the annual meeting which will be held Tuesday, February 2nd. Announcement was made that it is the expectation to take early action looking toward the selection of a permanent secretary to take the place vacated by the resignation of Paul Fritche.

W. E. Harmon and Arthur King, of Illinois college were present to ask the co-operation of the Chamber of Commerce in arranging for the inter-scholastic meet to be held here on a date late the coming spring. The plan is to have a meet open to high school students in part of the state. Cups and medals contributed by alumni will be offered as prizes and the general plan outlined gives promise that a great deal of interest would develop among high school students. The meet would occur sometime prior to that held at the University of Illinois and have something of a training value for that event. The purpose of the college is of course to get in touch with high school students and the directors recognized that the coming of several hundred young men to the city would have a commercial value and it was agreed that the Chamber of Commerce will aid in raising a fund of \$175 needed for advertising purposes.

Mr. Reeve made mention of the good roads banquet which is to be planned for some date in February with Gov. Dunne and a Hannibal lawyer as the speakers. The hope is to have five hundred people at this banquet and a committee of five was appointed to arrange for the Jacksonville part of the affair. This committee includes F. J. Heintz, T. M. Tomlinson, F. H. Bode, H. J. Rodgers and O. F. Buffe.

Mr. Reeve mentioned the wish of members of the Woman's club to bring here a part of the charts displayed in the Springfield survey and he was requested to find out further facts about what is planned.

### THE COX LIQUOR CASE.

Judge William E. Thomson believes the statement in the Journal yesterday that for a previous offense Frank Cox was fined \$300 and given ninety days in jail is misleading. The facts are that Cox stood trial and was found guilty on three counts and was fined \$100 and given a thirty day sentence on each one. It is also true that during much of the period while in the jail Cox was serving as turnkey and had the freedom of the streets.

Judge Thomson also declares that Cox had not agreed with the state's attorney to accept the limit under the law in the recent case and the judge also considers that in not giving the defendant the limit after a plea of guilty, that he followed precedent. It is Judge Thomson's statement that in imposing a seemingly light penalty upon Cox that he did not wish in any way to condone the offense but that he was following legal precedent and making the punishment fit the physical and financial conditions of the defendant.

## AGAINST PLAY GROUND USE AFTER SCHOOL HOURS

East Side Tuesday Club Goes on Record Against Proposition. The East Side Tuesday club met at the home of Miss Alice McCullough, East College avenue. The subject for the afternoon was "Interpretation of Ellen Key" by Mrs. J. Marshall Miller. She treated the authors two works "The Century of the Child" and "Love and Marriage." Mrs. Miller gave a very comprehensive account of the books after which they were discussed. The members did not agree with the author as to her advanced ideas on marriage.

A motion was made and carried that the club go on record as opposing the idea of the playgrounds being used after school hours by the children, for two reasons, first, because it kept the children away from home for a longer time, when they should be at home, and that it was hard on the teachers, who were compelled to give extra time and that without remuneration.

Plans were talked over relative to the indoor meeting to be held two weeks from last night at the home of Miss Mary Knollenberg on South Main street.

Tom Duffner's clearance sale commences Thursday, Jan. 14th.

## THOMAS MCBRIDE FALLS IN WELL AT CAR SHOPS

His calls for assistance brought other workmen to the scene and he managed to keep himself afloat until a rope could be procured and a rescue effected.

## ALL READY FOR SLAUGHTER OF THE STARR DAIRY HERD TODAY

Trench Completed Tuesday Afternoon at Five O'clock and Veterinarians to Begin Work Early This Morning—Rumors of Court Action False.

The trench for the reception of the J. M. Starr dairy herd was completed at 5 o'clock Tuesday evening and the work of slaughtering the animals will begin this morning early. Contrary to rumors current Tuesday Mr. Starr made no effort to institute court proceedings although he did take into consideration the possibility of such action. The veterinarians are continuing their inspection and at the close of the day Tuesday had discovered no new cases of the hoof and mouth disease.

The trench on the Starr farm is eight feet wide, seven deep and sixty feet long in the clear. One end was dug perpendicularly and the other was excavated with the necessary approach. It is expected that the bodies will be properly treated and the trench re-filled by the end of the day and that the disinfection crew will be ready to begin operations tomorrow. One of the inspectors told Mr. Starr last evening that his property would be all probably be out of quarantine by the last of the week.

The rumors of court action arose in part from the injunction issued by dairymen in the northern part of the state. Mr. Starr was urged to similar proceedings by a number but upon consultation with Dr. Casper in Springfield and Mr. Strubbing of Ashland, who a short time ago lost a herd with hoof and mouth disease, he decided to let the matter follow its course. Mr. Starr spoke highly of the courtesy shown by the state and federal inspectors and though by no means content with the necessity of the loss of his fine herd of sixty-one Jersey dairy cattle, is ready to accept the loss and the compensation given by state and federal government as the best which under the circumstances can be done.

Free patent potato kettle with one can Claus baking powder.

## FLUE BURNED OUT.

Considerable excitement was occasioned at the home of H. A. Bergschneider, six miles southeast of Jacksonville last night at 9 o'clock when a flue burned out. A fire had been started in a bed room and shortly afterwards the flue began to burn. Mr. Bergschneider succeeded in keeping the sparks from catching on the roof and feels fortunate that his home was spared.

## COUNCIL PASSED THE APPROPRIATION ORDINANCE

Measure Was Given Second Reading Tuesday—Road District Discussion Postponed.

At a meeting of the city council held Tuesday morning Mayor Davis presided and all members were present. The appropriation ordinance was given a second reading and was passed by a unanimous vote. Only one other matter was given consideration and that was the question of asking the county commissioners to make Jacksonville a road district by itself or a part of district number seven.

Mr. Knollenberg said that after investigating the matter he was of the opinion that it would be better for the city to become a part of road district No. 7, which is the one contiguous to the city limits. He said that otherwise the city would be compelled under law to form a district of itself and provide for the election of three commissioners within the city.

Mr. Newman was of the opinion that it would be better for Jacksonville to be made into a road district alone. He thought that otherwise that by making promises of a low rate of taxation persons outside the city might be elected to office as commissioners and thus control all the street work to be done in Jacksonville.

Mayor Davis said that, based on his study of the subject and conversation with P. J. Heintz, he believed it would be better for Jacksonville to become a part of road district No. 7, as otherwise there would be conflict between the city street department and the road commissioners if the latter were elected from Jacksonville alone.

Mr. Knollenberg made a motion that the council request the county commissioners to make Jacksonville a part of district No. 7.

Mr. Engel said that he was not ready to vote on the matter and suggested that it be postponed until next Monday, and this action was taken by common consent.

Last year through some oversight the county board failed to take any action with reference to making Jacksonville either a district by itself or a part of some other road district, in compliance with the provisions of the Tice road law. There was no special motive in this matter so far as known, but action was simply overlooked or deferred until it was too late. Since that time, however, the attention of the county commissioners has been called to the matter and there is no doubt but that at some early date the board will take action and direct the organization of the new road district or the reorganization of district No. 7.
